MAXIMUM AIMING WITH MINIMAL EFFORT: HAILEY 225 ROTATABLE LED FROM BIRCHWOOD LIGHTING

New Product Introduction: HAILEY 225 RSM LED Specification-grade 180° rotatable surface mount linear LED light fixture. Featuring OSRAM Distributed Array LED Light Engine Systems® which can meet or exceed 100 lumens per watt/1100 lumens per foot. 2.25" diameter precision-machined extruded aluminum housing also features extruded acrylic lensing designed to heat-expand into exact place, therefore eliminating light leaks. 180° rotation lens system has lockable aiming and stop. Available in 1' to 4' nominal lengths.

Design: Birchwood Lighting In-House Product Design Team

Manufacturer: Birchwood Lighting

Product Applications: HAILEY 225 RSM LED is a U.L. and c-UL dry-listed ADA compliant surface mounted luminaire suitable for interior applications. 180° rotatable lens delivers direct light distribution from any surface mount orientation: ceiling, wall, vertically or horizontally. Recommended for: Offices, Healthcare Facilities, Libraries, Corridors and Stairwells, Vanity areas, Gallery, Retail or Residential applications.

Product Description: HAILEY 225 RSM LED is a minimal profile surface mounted linear LED luminaire. OSRAM Distributed Array LED Light Engine Systems® can meet or exceed 100 lumens per watt/1100 lumens per foot and come standard with remote constant-current dimming driver and 5 year system warranty. The 180° rotational system with positive stop can easily aim light exactly wherever necessary.

Construction and Finishes: Extruded anodized aluminum housing, formed-aluminum module tray, high-impact extruded acrylic lens with either Frosted White, Frosted Clear, Linear Prismatic or Clear transmittance. Satin Clear Anodized Aluminum is standard finish. Matte White or Flat Black also offered as optional power-coat painted finishes.

Ordering Information: Information and pricing for HAILEY 225 RSM LED luminaires is available from Birchwood Lighting at 1302 E. Hunter Avenue, Santa Ana, CA 92705.
